“Short Line” Edition

Enclosed in this edition of the LENS monthly newsletter is a schedule of our upcoming event at the Lake Farmpark. Since we just completed a layout in Burton and the Farmprk set up is just around the bend, I decided to just publish this “Short Line” edition.

Please notice that we have been requested to run for an extra day; that being SATURDAY (December 13th). This means the set up moves to 1:00 p.m. on SATURDAY.

As in the past, the run times are between the hours of 5:00 p.m. and 9:00 p.m. for 11 consecutive days! This creates a huge burden for us to man that many time slots. Usually, we look for “teams”. Those members that are working during the day, would most likely sign up for the 7:00 to 9:00 slots. Those members who are on vacation, retired, playing hooky, etc., would most likely take the 5:00 to 7:00 slots.

It is important to make sure we have trains on all three lines, during all of the time slots. In addition, plenty of hands are needed for “crowd control”. This particular venue presents us with some challenge and we need to “keep our eyes open”.

Call Denny Lloyd to get your name on the sign up sheet; he can discuss available time slots with you.

Enjoy the holidays!

Next Month's Meeting

January's meeting of the Lake Erie N Scale Society will be held the fourth Friday of month (keeping with tradition), at the home of Dave Neff.

Next month's newsletter will provide more information and a map, as this is a new meeting place for our group.

“F.R.E.D.”

See you at the next set up!
