"LENS Short Line"

October, 2004

- ◇ We have been invited to attend another train show. Following is the e-mail that was received. We can attend as a club or individual members can contact Andre's to attend:

Subject: Ann Arbor Model Railroad Club 2005 Train Show

The Ann Arbor Model Railroad Club is sponsoring its 35th annual Train Show and Sale. We are planning on featuring a 127 module N-trak layout and would like to invite you to participate. The show is February 19th & 20, 2005 in Saline Michigan. If you could contact me and let me know if anyone in your organization would like to attend, I would greatly appreciate it. Thank you for your time and I am looking forward to hearing from you.

Sincerely,

Andre' Torres
Show Chairman

Last Month's Meeting

Thanks to Wayne and Bonnie L. for hosting the meeting and demonstrating their home layout. We discussed plans for future setups at Burton and Farmpark. We were also invited to submit a bid to build an N scale layout in Mentor.

This Month's Meeting

Richard F. has volunteered to host our meeting this month. We will be finalizing the plans for the Burton Layout and Farmpark setups. As always, this being the "busy" season of our calendar, we will need everyone to provide as much time to our activities as possible to make them successful.

Richard's layout is setup for DCC. If you have a Digitrax controller, please bring it along for the operating session. I believe guest trains will be welcomed.

Next Month's Meeting

Traditionally, we have been meeting in Burton, Ohio for nearly 20 years. This year we will have a display in the Library on the town square.

Setup is the day after Thanksgiving at the Library.

(As usual, the layout is an excuse to meet at Belle's Restaurant to eat pie after the setup on Friday.)
