N SCALE MODULAR RAILROADING

RAILFEST 2006

This month's newsletter is a "short line" version due to the early publication date. The regular format returns next month.

March's meeting is replaced by our attendance at "Ohio's largest 2 day train show", at Lakeland Community College. LENS has set up our display there for over thirty years in a row. This year we are being offered a 12' x 48" space that we would like to fill with modules.

As a member of LENS, you are entitled to attend free of charge, although we would love to have you earn your way by helping with some facet of the display (set up, tear down, running, sale table, etc.). Make sure you are wearing your LENS badge to cover admission.

LENS has a "Sale Table" reserved for members. If you have items to offer up for sale, you must fill out a "Flea Market Table Items" form. You are also expected to provide an envelope with 10 - \$1.00 bills for change. Keep prices in even dollar amounts if possible. Stickers with your initials & a sequence number must be on each item. (see the rule sheet for full details)

Set up for the show is scheduled from 7 p.m. to 10 p.m. However, you may be able to drop off and set up your module as early as 4 p.m. with previous arrangements. We will be able to get into the facility as early as 7 a.m. on Saturday & 8 a.m. on Sunday for additional setup if

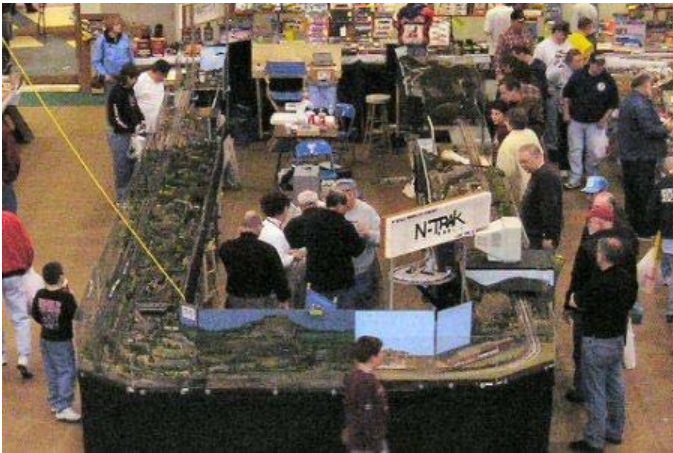

(Continued on page 3)

(Continued from page 2)
necessary.

Show times are from 10 a.m. to 4 p.m. each day. Please make sure you are on the sign up sheet for run times. Make sure you are on time both to start and end your slot. **However, do not leave an empty line - we want the public to see trains!**

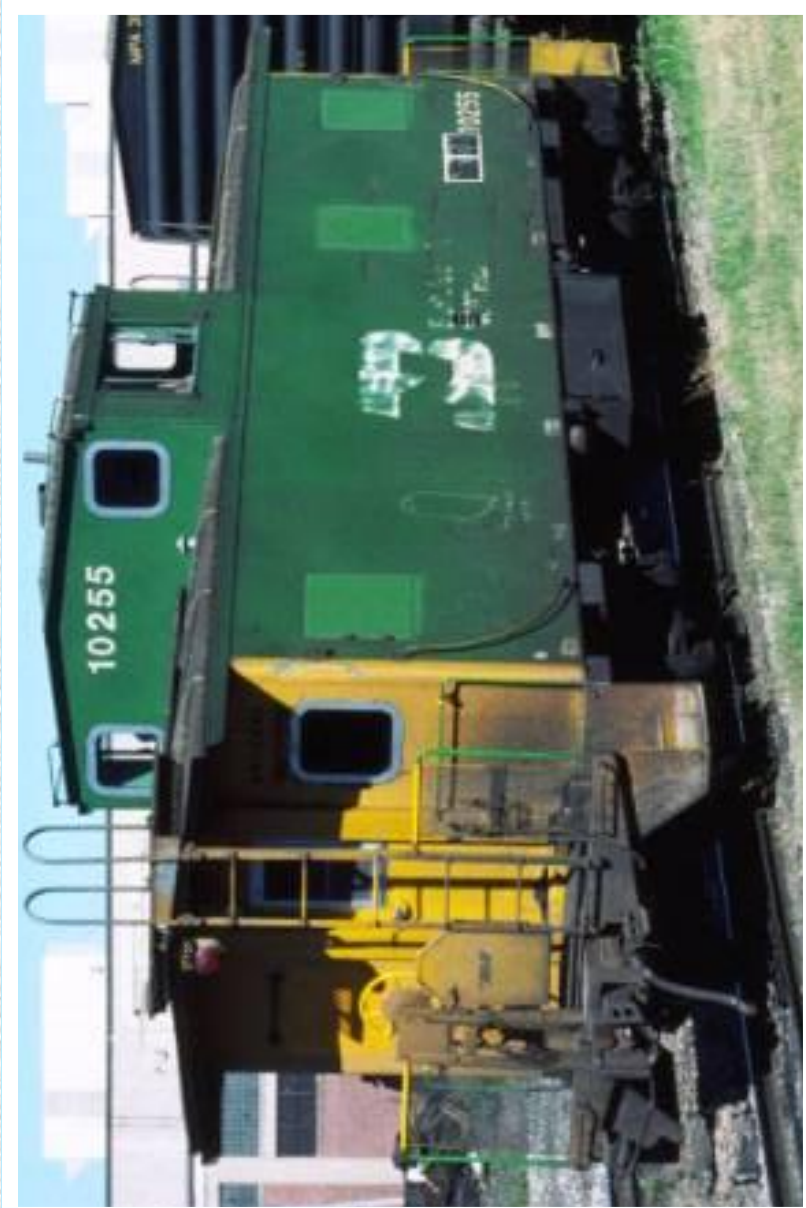

We will need “all hands on deck” for the set up & tear down to make the task quick and easy. Be sure to clean the pins of the Cinch Jones connectors and adjust coupler heights prior to the show for trouble free operation.

Above
all,
respect
each
other &
have
fun! See
you on
Friday...

<i>Venue</i>	<i>Railfest 2006</i>	<i>Dates</i>	<i>Times</i>
Set up	Friday	3/17/06	7 p.m.
Operate	Saturday	3/18/06	10 a.m.—4 p.m.
Operate	Sunday	3/19/06	10 a.m.—4 p.m.
