**N-TRAK**  
N SCALE MODULAR RAILROADING

# Welcome!

LENS is a group of people with a common interest in modeling N scale railroads using the "NTRAK" modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down**  
**Running trains**  
**Sharing your knowledge**  
**Learning something new**  
**Answering questions**  
**Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!  
Hopefully, we will continue to see you at the meetings and display events.

***Come and join in the fun!***

The Lake Erie N Scale Society newsletter is published monthly for the sole use of its members by a crew of volunteers.

Opinions published here are solely those of the editor and/or the members of the Lake Erie N Scale Society.

This publication is intended to be a monthly newsletter describing the business, events and the common interest in N scale model railroading enjoyed by the members of the Lake Erie N Scale Society.

**For information or questions regarding our Society, you may contact Dennis Lloyd at 440-352-7081 - or - (dennis.lloyd@comcast.net)**

Meetings normally start at 8:00 p.m., the fourth Friday of each month.

Sept., 2006

## SHORT LINE

- \* A little over a dozen folks met for the annual picnic, which was held at the Farmpark this year. That was a pretty good turn out considering we had a scheduling conflict with the "N scale Weekend" in Bedford, PA.
- \* This month's meeting will be held at Robert T's. where we will have a chance to view his outdoor "G" scale trains. Bring a lawn chair and a sweater or coat - the meeting will be held outside.
- \* We need to encourage newer members to build more modules. Over the last couple of years, several modules that we always used are no longer available for shows. The "module building" demonstrations will resume soon. Don't forget the finished project will be available to members at cost, via a raffle for those interested. Here's a reminder that Bob A. has offered to give one of his modules to a good home (some repair & clean up required).
- \* There are no scheduled layouts in the near future. We are all getting involved in home layouts and the historical society restoration and many other things. Does anyone have ideas for display venues?
- \* My poor brain hurts! Someone volunteered to host the October meeting, but I can't remember who stepped forward. Please send me a reminder...

**“F.R.E.D.”**

***See you at the next station!***
