## Over 30 years of promoting model railroading!

**Welcome!** LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

- Setting up / tearing down**
- Running trains**
- Sharing your knowledge**
- Learning something new**
- Answering questions**
- Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping! Hopefully, we will continue to see you at the meetings and display events.

***Come and join in the fun!***

## **Last Month's Set-up**

The April Meeting was held at the home of Mike B. We discussed Railfest 2015 and the set-up for Railroads in the Park. We concluded the evening with a discussion of electronics and an operating session on Mike's layout. Thanks for the hospitality, Mike.

## **This Month's Meeting**

This month the meeting will be held at the home of Dave N. at 7:30 PM on May 22. Even though Dave's layout is temporarily unavailable, we still need to discuss a few items and see a brief demonstration on flashing crossing signals. See you there!

## **Next Month's Meeting**

There will be no meetings until the August picnic.

## **Lincoln Funeral Car**

On June 6th and seventh, a full-sized replica of the Lincoln Funeral Car and an engine will be at the Painesville Depot. Admission is \$5 for adults. Young children are free.

**“F.R.E.D.”**

***See you at the next station!***
