Short Line

Over 30 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the "NTRAK" modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!
Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

Last Month's Meeting

Last month's meeting was on October 23rd. at the home of Charlie T's. We saw his layout expansion, ate good food, and planned for 2 one day set-ups which went well.

This Month's Meeting

This month's meeting is at 7:30 on November 20th at Judson E.'s home. Here we will definitely need to finalize the Country Lights set-up at FarmPark and review the last two set-ups. See you there.

Next Month's Meeting

Saturday December 12 set-up at the horse arena will be from 1—5 PM with running during the 5—9 PM time. We will run nightly through December 23, with tear-down beginning at 9 PM. We need lots of hands for set up and tear down along with members to run trains in two hour shifts.

Chuck Craig

Many of you remember Chuck from the Train Shop in Painesville or seeing him at his sales table across from our layout at Railfest. He is currently at Maplewood, 12350 Bass Lake Rd in Chardon 44024. Cards or visits would be appreciated.
