## SHORT LINE

**N-TRAK**  
N SCALE MODULAR RAILROADING

## Over 30 years of promoting model railroading!

**Welcome!** LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down  
Running trains  
Sharing your knowledge  
Learning something new  
Answering questions  
Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!  
Hopefully, we will continue to see you at the meetings and display events.

***Come and join in the fun!***

## Last Month's Meeting

This month's meeting was at the home of Phil B.. We discussed linear set-ups for the "Build a Railroad Day at Lakeland Community on November 4th and the Erie Christmas Show on December 2nd, and the usual loop set-up at FarmPark, dates as yet unknown. Thank you for hosting, Phil.

## This Month's Meeting

This month's meeting will be on the home of Charlie T at 7:30 PM. (Yes, he now lives there.) He has added on to his layout since last year, so that will be worth viewing. Maybe we will have the dates for FarmPark by then. The map is attached. See you there!

## Next Month's Meeting

The November meeting will be on November 24th at 7:30 at the home of Judson E. Among other things, we will need to finalize plans for the Erie Christmas show and the annual FarmPark set-up. Hopefully, the weather will cooperate.

**“F.R.E.D.”**

***See you at the next station!***
