SHORT LINE

N-TRAK
N SCALE MODULAR RAILROADING

Over 30 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the "NTRAK" modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!
Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

Last Month's Meeting

Last month there was no meeting. We set up at Railfest. Thanks to all who helped out with set up, running, manning the sales table, and tear down. As usual, many hands made light work. Can we assume everyone found that missing item for your layout?

This Month's Meeting

. This month's meeting will be at 7:30 PM on April 27th at the home of Maita and Gary G's home. A map is attached to the email. We need to determine the group's feeling about the changes offered for Country Lights next December. We will probably also review the additional set ups in Painesville, Jefferson, etc. See you there!

Next Month's Meeting

The May meeting will be at 7:30 PM on May 25th at the homed of Lou and Donna D. We will need to finalize our plans for Jefferson, since we usually do not meet during the summer .

See you at the next station!
