## Over 30 years of promoting model railroading!

**Welcome!** LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down  
Running trains  
Sharing your knowledge  
Learning something new  
Answering questions  
Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!  
Hopefully, we will continue to see you at the meetings and display events.

***Come and join in the fun!***

## Last Month's Meeting

Last month's meeting was at the home of Maita and Gary G. . We determine the group's feeling about the changes offered for Country Lights next December. We reviewed the additional set ups in Painesville, Jefferson, etc. Representatives from the Crooked River group were there with ideas for the Jefferson set-up. Thanks to them for the diagram and discussion.

## This Month's Meeting

. This month's meeting will be at 7:30 PM on May at the home of Donna and Lou D. A map is attached to the email. We will finalize the plans for the Jefferson set-up and the Railroads in the Park set-up next weekend. See you there,

## Next Month's Meeting

We normally take the summer off from meeting. Have a great summer. Also, see you in Jefferson.
