N-Scale Modular Railroading

Over 30 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!
Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

This Month's Meeting

There is no meeting this month. Instead, we will be setting up, running, and tearing down the layout at Lakeland Community College for the 2018 Railfest. Set-up is on Friday , March 15, from ! PM to 7 PM. Running is from 10 AM to 4 PM Saturday and Sunday. The run-time sheets are up on the LENS website (members section). Tear-down is at 4 PM Sunday. The more hands on deck the easier it is. Also, remember that we have a sales table, If you have things for sale, mark them with your initials and the price (in whole dollars.) Bring a marked envelop with at least 10 \$1.00 bills for change and a list of the items for sale. If you have sale items you are to spend time helping at the sales table.
