N-Scale Modular Railroading

Fremo-N

Over 30 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

**Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting**

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping!
Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

Last Month's Meeting

Last month meeting was held at the HIVE at Lakeland Community College. We got a tour and demonstrations of what tools were available for use. We then adjourned to a separate room for dinner and a meeting. Set-up were discussed for the Painesville Depot (May 4-5), Jefferson Community Center (July 20) and Railroads in the Park (Set-up May 31, running June 1 and 2). It was decided that there was no need for a May meeting.

This Month's Meeting

There will be no meeting in May. There are 2 up-coming set-ups in June and July (see above) We normally do not meet in June, July, or August.

Next Month's Meeting

The September meeting will be at the home of Jerry V. on Friday, September 27nd at 7:30 PM. We will discuss the summer set-ups and plan for the up-coming events. As Sid Wayne and Sherman Edwards said, "See you in September."
