N-Scale Modular Railroading

Fremo-N

Over 38 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping! Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

The Lake Erie N Scale Society newsletter is published monthly for the sole use of its members by a crew of volunteers.

Opinions published here are solely those of the editor and/or the members of the Lake Erie N Scale Society.

This publication is intended to be a monthly newsletter describing the business, events and the common interest in N scale model railroading enjoyed by the members of the Lake Erie N Scale Society.

For information or questions regarding our Society, you may contact Dennis Lloyd at 440-352-7081 - or - (denlloyd@gmail.com)

Meetings normally start at 7:30 p.m., the fourth Friday of each month.

Last Month's Meeting

Last month "meeting " was the annual(?) picnic held at the home of Allen²L. There was food, guests, a golf cart, and a great time. A big *Thank You* to our hosts.

This Month's Meeting

The September meeting will be on the 27th at 7:30 p.m. at the home of Jerry V. This is our first official meeting since last spring and we need to review the events of the summer and discuss the events of the fall. Remember, we are only about two months away from country Lights. There is another possible set-up to discuss.

Next Month's Meeting

The next meeting will be at the home of Judson E. on Friday, October 25th at 7:30 PM. We will discuss the FarmPark set-up and other needed topics. This will probably be the last meeting of the year.
