“L.E.N.S.”

January 2021

NRailTM

Over 38 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping! Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

Last Month's Meeting

Last month's Zoom meeting was successfully held in mid-December. Thank you to Lou D. for his clinic on tree manufacturing.

This Month's Meeting

This month's meeting will be held on the FOURTH Friday of January, a Zoom meeting on the 22nd at 7:30 PM. The program will be a presentation from Dave N. on 'Sticking with Adhesives'. (I pasted the title from Dave's email.) He volunteered to do it; he wasn't stuck with the job.

Next Month's Meeting

February's meeting will probably be held on February 26th at 7:30.
