

Lake Erie “N” Scale Society

“L.E.N.S.”

February 2021

Over 38 years of promoting model railroading!

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using the “NTRAK” modular concept.

Any time we meet and/or display our work and promote this hobby, we would love to have you join us.

This means that ALL of us have chances to participate in the hobby by helping with any or all of the following:

Setting up / tearing down
Running trains
Sharing your knowledge
Learning something new
Answering questions
Hosting a meeting

Notice that NONE of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains.

Thanks in advance for helping! Hopefully, we will continue to see you at the meetings and display events.

Come and join in the fun!

The Lake Erie N Scale Society newsletter is published monthly for the sole use of its members by a crew of volunteers.

Opinions published here are solely those of the editor and/or the members of the Lake Erie N Scale Society.

This publication is intended to be a monthly newsletter describing the business, events and the common interest in N scale model railroading enjoyed by the members of the Lake Erie N Scale Society.

For information or questions regarding our Society, you may contact Dennis Lloyd at 440-352-7081 - or - (denlloyd@gmail.com)

Meetings normally start at 7:30 p.m., the fourth Friday of each month.

Last Month's Meeting

Last months Zoom meeting was successfully held in mid-January. There have been several emails sent out to facilitate the meetings.

This Month's Meeting

This month's meeting will be held on the a Zoom meeting on the 26th of February at 7:30 PM.

Next Month's Meeting

March's meeting will probably he held on March 26th at 7:30.

WEATHERING

For those of you looking for weathering powders you might try Pan Pastels. They come in a myriad of colors and can be applied by their applicators or "borrow" some make-up applicators. One advantage is that they are not as affected by a spray of Dull Cote. Another use is to lighten or fade the original color on purchased rolling stock. Also useful for weathering structures.
