Promoting Model Railroading For Over 40 Years

Welcome! LENS is a group of people with a common interest in modeling N scale railroads using NTRAK and TTRAK modules. Any time we meet and/or display our work and promote this hobby, we would love to have you join us. This means that **ALL** of us have chances to participate in the hobby by helping with any or all of the following:

- Setting up / tearing down
- Running trains
- Sharing your knowledge
- Learning something new
- Answering questions
- Hosting a meeting

Notice that **NONE** of the above requires a module. We need your help... so bring yourself, your enthusiasm, your interest and your trains. Thanks in advance for helping! Hopefully, we will continue to see you at the meetings and display events. **Come and join in the fun!**

The Lake Erie N Scale Society newsletter is published monthly for the sole use of its members by a crew of volunteers. Opinions published here are solely those of the editor and/or the members of the organization. This publication is intended to be a monthly newsletter describing the business, events and the common interest in N scale model railroading enjoyed by its members.

For information or questions regarding our Society, please visit our website by scanning the QR code or visit us at
